

Spring is here!

Here we are in September and haven't we been busy with more to come.

2022 Annual Exhibition - clayworkers&friends

Another very successful exhibition this year - joined by a group of arts and crafters.

Fairfield Library

We will be showcasing our work at the library during September and October.

SWELL and HOTA

The SWELL sculptural display at Currumbin followed by a visit to the HOTA - Home Of The Arts - at Surfers Paradise.

Yarraman Gallery

Mid-September until November with a variety of our members' work.

BVAC pop-up shop

Back to Mt Coot-tha in the Auditorium from 25 to 27 November - more of our members are now showing so get in early!

Moggill Xmas Market

26 November - we have a stall following the success of the Mother's Day market in May.

Xmas Party and AGM

That time of year when we celebrate the year and select a new committee for the following year.

Upcoming workshops

See the next page for a list of proposed workshops.

The next will be Lyn's Majolica workshop on 19 October.

Our display at the Fairfield Library

Done anything interesting artistically lately? Let us know with a few words and photos

Diane's bloated bowl generated much discussion. Even though it had been fired before it was generally agreed it was over-fired.

Her second item was a greenware jug decorated at a Mates4Mates function. The bands of colour were designed to run with a flux but it failed to do so - it will be overglazed.

Judy's spectacular slip cast bowl. The decoration demonstrated "bubble technique" underglaze, with decals etc

Proposed workshops...

- 16th Nov:** Claude - Trimming feet and lids
- 2023**
- 25th Jan:** Derek - Sgraffito/ Carving
- 15th February:** Judy - Sculpture
- 15th March:** David - Airbrushing
- 19th April:** Stacey - Hand building/marbling/clay decoration - ball clay, slip trailing, etc

Thriving Tuesdays

As a new member in 2021, I heard of Gai through awed whispers.

Eventually I met her - at meetings.

With Raewyn away, Gai stepped up to keep Tuesdays happening. I finally got to see the legend in action!

Gai said she didn't plan to do much on the first day, so I came armed with a list of questions. Big thank you Gai for your generosity.

We'd still love to have Raewyn, Linda and Merrilyn return.

Our 2022 WSC Exhibition: clayworkers friends

A combination exhibition and market

Our usual venue - the Richard Randall Studio - was not available this year so we moved to the Auditorium at the Mt Coot-tha Botanic Gardens for our annual exhibition.

With such a large space available and the added rental cost, it was decided by the events sub-committee to share the space with some like-minded arts and crafters.

How to Fire Pottery and Ceramics – How to Fire A Kiln – and Kiln Firing Techniques

NGURECOMAR 27, 2011

Ceramics Requires Several Hours of Intense Heating

Having covered How to Choose A Kiln, it's now time to look at how to fire pottery and ceramic using a kiln. A good number of people are not aware that the beautiful ceramic serving dishes they use every day are made from clay which goes through several hours of intense heating in a kiln to come out shining like glass.

Kiln firing is a process that uses a lot of energy and as such kilns are made of light insulating bricks and ceramic fibre which are heat energy efficient.
